

Over-Under (Grades 3 - 6)

Players: Groups of two

Materials: Deck of cards with face cards removed, Aces worth one

Skill: Multiplication

How to Play: Players split a deck of cards. One player is the Under 30 player and the other is the Over 30 player.

Player 1: Under 30

Player 2: Over 30

The product is under 30. Player 1 keeps the cards.

Each player turns over a card at the same time and the two numbers are multiplied together. If the product is less than 30, the Under 30 player keeps the cards. If the product is greater than 30, the Over 30 player keeps the cards.

If the answer is exactly 30 each player takes back their card and places it back in their deck.

When all the cards have been used the person with the most cards is the winner.
